SSW Collegium Balticum- pedagogical activity

Group of the book lovers

Within pedagogy faculty, Group of the book lovers was created. Collegium Balticum have organized meetings group of the book lovers since 2013. Meetings are lead by dr Iwona Korpaczewska-Piskorz every two weeks when students have courses.

During meetings of this group, students are analyzing literature from different perspective. One of the aim of the group is to promote reading in the society as well as improve competences of reading with comprehension and reflection.

Topics of the meeting include issues of death, war, cultural gender in children's literature, new graphic form of children's classics literature, etc.

Group leader chooses interesting books and on meeting participants discussing how teach children important values based on literature.

The main aim of meeting is teaching science through literature and counteract functional illiteracy.

The film will be filmed in class where the members of the book lovers meet for debate.
